

Health Care Alert

Code Experts Koffel and Lathrop Introduce New NFPA Seminar

Are you responsible for or involved with Joint Commission Compliance? If so, you'll benefit from NFPA's new 5-Day **Fire and Life Safety for Health Care Seminar with Certificate of Educational Achievement** April 4 - 8, 2011, in Las Vegas, NV. This first offering will be launched by the William E. Koffel, P.E., FSFPE and James K. Lathrop, FSFPE. Jim served as the lead technical content specialist for developing the seminar, and both are seasoned instructors for NFPA.

If April is too far away, on March 9-11, 2011 Bill Koffel will teach the 3-Day **Applying NFPA 101/Life Safety Code to the Joint Commission Statement of Conditions** Seminar in Baltimore, MD. Information on both programs can be found at <http://www.nfpa.org/catalog/seminarsearch/seminarsearch.asp>.

You can stretch your training budget even further by having Bill or Jim conduct either program through the NFPA Authorized Instructor Program...at your facility. Please call us for more information about these seminars and also if you're interested in on-site training.
