25th Anniversary Celebration & Silent Auction
Healthcare Design Expo and Conference
Phoenix, Arizona
November 10-13, 2018
The Mission of The Center for Health Design:
To transform environments for a healthier, safer world through design research, education, and advocacy.

The Center for Health Design advances best practices and empowers healthcare leaders with quality research that demonstrates the value of design to improve health outcomes, patient experience of care, patient and staff safety and provider/staff satisfaction and performance. Through design research, education, and advocacy, we’re leading the way in transforming hospitals, clinics, wellness centers, doctor’s offices, and residential care facilities for a safer, healthier tomorrow.
Dear Friends,

The Center for Health Design has been the leading voice and resource for professionals focusing their efforts on developing the best, most effective healthcare environments. For more than 25 years, The Center has provided knowledge, professional support, and guidance for all who are interested in improving the way healthcare environments are designed and built.

As we plan the next 25 years, we are excited by the many opportunities before us and the ability to continue to drive and shape the ways healthcare facilities and environments deliver care to patients and improve the ability of those working in them to provide care. We have identified what it will take to remain the leading voice and advocate in our field and are excited to move forward with these initiatives. We will focus our efforts in three specific areas including:

- **Research Based Practices** which will include recording best practices and identifying ways to connect and unify the healthcare environment. This will ensure designers and architects are able to understand the most current and effective interventions in the design of healthcare environments.

- **Future Focused Expansion** reflects our desire to bring the knowledge we have attained through our work in acute facilities and apply that knowledge to other areas of health such as the home and community based settings.

- **Standardized Post-Occupancy Evaluation** through the creation of a database accessible to all members and Affiliates.

The participation and dedication of our supporters has allowed The Center for Health Design to attain the goals it originally set for itself 25 years ago. As we plan for the continued growth and expansion of our organization, we will again look to those who recognize the value The Center provides to our field, to those who work in the healthcare field, and especially to those patients who benefit from improved outcomes.

I thank you for your past support and invite you to join me in this next phase of our evolution because as we all know, design has the power to impact and influence many things... **Design Can.**

Sincerely,

Debra J. Levin, Hon FASID, EDAC  
President and CEO

VIP Reception

A special celebration to honor those who have contributed to and made The Center’s work possible.

Saturday, November 10, 2018
6:00pm – 8:00pm
First Floor – North 124 A/B

Special thanks to our Reception hostess, Pattie Moore

Pattie Moore is an internationally renowned gerontologist and designer, serving as a leading authority on consumer lifespan behaviors and requirements.

Moore has been named by ID Magazine as one of The 40 Most Socially Conscious Designers in the world and was selected in 2000, by a consortium of news editors and organizations, as one of The 100 Most Important Women in America.

Syracuse University has selected Moore for a 2012 Honorary Doctorate for serving as a “guiding force for a more humane and livable world, blazing a path for inclusiveness, as a true leader in the movement of Universal Design.”

ABC World News featured Moore as one of 50 Americans Defining the New Millennium.

Football Tickets – November 18, 2018

November 18, 2018 at State Farm Stadium in Glendale, AZ

Minimum Bid: $900.00
Estimated Value: $1,600

Details:
Two sets of club level tickets

Item closes on 11/11/18.
Tickets will be mailed directly from donors to winning bidder.

Description:
Club Level Sideline seats are located on the second tier up from the playing surface, running between the goal lines. This placement near midfield translates to great sight lines of all the action on any part of the field, and with the additional amenities that come with club seating for Cardinals games, these seats are often considered some of the best seats in the stadium.

Club level fans at Cardinals games will enjoy access to upscale club lounges, private entrances, full service bars, cushioned seating, superior leg room, individual cup holders, and access to Club Level guest services personnel. Club level sections are much smaller than most other sections in the stadium, featuring 9 rows in each section.
